Constructionline is the UK's leading provider of third-party, technology enabled qualification and accreditation services, playing a critical role in the procurement value chain. Constructionline collects, assesses and monitors over 30 million pieces of information, from more than 45,000 suppliers through a PAS 91:2013+A1 2017 aligned question set, the standardised pre-qualification questionnaire developed by BSI to reduce duplication within the construction industry.

Our aim is to provide efficiency savings and opportunities to Suppliers working with public and private sector Buyers within the construction industry. We do this by providing a single source of accreditation, streamlining procurement procedures and improving the supply chain management processes, reducing risk and helping Suppliers work more easily and efficiently with Buyers.

Step 5 - Silver (Level 2) Membership with Acclaim Accreditation

Most buying organisations are looking for Suppliers with a recognised SSIP member health & safety assessment scheme. To increase the work opportunities available, you may want to gain such an accreditation. If you do not currently have one, you can add Acclaim Accreditation to your Silver Membership plan by selecting the 'Add Acclaim' button.

The screenshot shows a selection screen for Acclaim Accreditation. On the left is the Acclaim Accreditation logo. The main text explains that most buying organisations look for suppliers with a recognised Health & Safety Accreditation from an SSIP member scheme. A button labeled 'Add Acclaim to service?' is highlighted with a grey border. Below it, a note states '* excludes VAT'. A blue link for 'More information' is at the bottom.

Step 6 - Gold (Level 3) Membership

Our Gold Level accreditation mandates SSIP membership. This means that if you are selecting Level 3 Gold membership you will need to select either Acclaim Accreditation or Deem to Satisfy (if you have a valid third-party accreditation – please note your Gold Membership will change to *Updates Required* when your third-party certificate expires and you will need to upload a new one).

If you already have a certificate for a third party SSIP member scheme then select **Deem To Satisfy** and when completing your profile, upload your SSIP member certificate and Constructionline will provide you with Acclaim Accreditation through the Deem To Satisfy approach.

You can check your third party certificate status by visiting: <http://SSIP.org.uk/members/>

The screenshot shows a selection screen titled 'Acclaim / Deemed To Satisfy'. It has two main sections. The top section is for 'Acclaim Accreditation', with a radio button selected. The bottom section is for 'Deemed To Satisfy', with a radio button selected. Each section includes a logo, explanatory text, and a 'More information' link.
