

Release 3.4

Release Overview

Constructionline

Release Content

This document is guide on the features included in release 3.4.

Changes to the question set

Changes to the question set to accommodate the Build UK Common Assessment Standard. This change aligns our Gold and Platinum plans to the Common Assessment Standard (CAS), meaning that suppliers that complete the new question set will be compliant to both Gold & Platinum as well as CAS. This new question set will be loaded for suppliers on all plans once a form is edited. See below a summary of the changes.

New search filter for Common Assessment Standard & “Badge” on their supplier status

A new filter will be introduced that will show the Gold and Platinum suppliers that are verified to the Common Assessment Standard.

For those Gold and Platinum suppliers verified to the Common Assessment Standard, there will also be a new logo on their supplier profile.

Search Filter

Common Assessment Standard “Badge”

Changes to the Sign Up Page

To make it clear to suppliers registering that by completing the Gold and Platinum plans they will also be compliant to The Common Assessment Standard.

Issue Fixes

- License and Accreditation and types of license filter in Search.
- Buyer notification on changes in supply chain.
