

Consultant work category descriptions

Please select your work categories by ticking the box to the right of the category you wish to apply for. You can find descriptions to all our work categories on our website www.constructionline.co.uk, in the 'Work Categories' section found in the Supplier zone.

Please note: Individual work sectors require professional qualifications and proof of membership must be submitted with the application. If your role/qualification is not shown here, please contact constructionline for further guidance.

These are listed at the start of each work sector. Alternative professional qualifications are given in the left-hand column. 'N' in the column indicates that the category does not warrant a qualification.
