

Important Information: Terms and Conditions

Please be advised that two sets of Terms and Conditions have been issued as part of the QUDM documentation.

This is because Cadent operates different delivery arrangements across its networks. One set of Terms and Conditions applies where Cadent has a **Contract Management Organisation (CMO)** in place, and the other applies where **no CMO is in place**.

Suppliers are not required to select between the two sets of Terms and Conditions at this stage. **The relevant Terms and Conditions will be identified and issued with each individual requirement under the QUDM.**
